Subject: HB 2834-1 Favorable consideration
Date: Wednesday, March 13, 2019 11:19:10 AM

Hi there,

My name is Michelle and I urge your favorable consideration of HB2834 for wildlife corridors and safe passage for wildlife to preserve habitat connectivity and reduce collision. I work in wildlife conservation and rehabilitation and have seen first hand the negative impacts of highways on wildlife from habitat fragmentation and collision. I encourage the implementation of wildlife corridors to protect wildlife and humans.
