

Below are my personal amendments I would like to propose for HB 3063

3063 Amendment Proposal

1. This bill excludes private schools, online schools and homeschooled children.
2. The emergency clause is removed.
3. Bill is effective for 2020/2021 school year.
4. Religious exemptions be retained without a religious exemption needing the approval of a Doctor or Clergy. The morality of being forced to use products that contain aborted fetal cells, as well as animal DNA, and toxins should never be mandated. Supreme Court has upheld "sincerely held religious beliefs" to the same scrutiny as any organized religion.
5. Implement Vaccine checkpoints at preschool and 7th grade.
6. Medical exemptions shall be made at the full discretion of the child's attending physician and not restricted to the CDC contradictions. Exempt a child from vaccination when the child's physician concludes that there are circumstances, including but not limited to, family medical history, DNA and GENE testing for which the physician does not recommend vaccinations. MD's, DO's and ND's can write a medical exemptions.
7. Students with Individual Education Programs(IEP) and 504's are federally protected; therefore they are EXCLUDED from this bill.
8. Conditional enrollment for children needing to catch up on vaccines. A doctor can write a letter stating the child will be receiving the "needed" vaccines but on a spread out schedule safer for the child.
9. Vaccines for non-communicable diseases are not required.
10. Vaccines cannot be added to the required list after the passing of HB 3063.
