Dear Members of the House Committee on Agriculture and Natural Resources,

As a beginning farmer with substantial student debt and a need for affordable lending, I support HB 3085, HB 3090 and HB 3091. Access to additional loans to cover equipment costs, help with student debt pressure and lower-interest private lending opportunities would greatly increase my ability to grow my farm business. I am currently trying to expand my mixed vegetable operation, a feat greatly challenged by my financial situation. Thank you for supporting Oregon's small-scale, beginning farmers. Please vote to pass these three bills.

Sincerely,

Eden Olsen
