I would like to express my strong opposition to HB 2656. I regard myself as an "environmentalist" and tree hugger, but I also own forest property and this bill is over the top as far as being reasonable. We need to have strict rules about logging in watersheds, but not a blanket "closing down the forest" approach, as this bill is. Have the sponsors of the bill considered the implications of this bill?? Please do not vote for this bill. Thank you
