Individuals whose duties are exclusively housekeeping, building maintenance, clerical/administrative or food preparation, as well as the administrator and licensed nurse, are not considered caregivers. The facility must post a current, accurate facility staffing plan in a conspicuous location for review by residents and visitors.

*Note: Assisted Living and Residential Care facilities in Oregon are not required to employ Certified Nursing Assistants (CNA) or Certified Medication Aides (CMA) as resident care staff.*

Oregon rules do not require that a resident be moved out of a facility due to increased medical services; however, if a facility is unable to meet a resident’s needs based on criteria disclosed in the facility’s information packet and according to the administrative rules, a resident may be given a written notice to move from the facility.

A person has the right to object to a move-out notice and can request a hearing with the Department of Human Services. If you need someone to advocate on your behalf, you may contact the Office of the Long-Term Care Ombudsman at 1-800-522-2602. Information about these rights and who to contact will be included on the move-out notification.
