Dear Chair Dembrow,

Please don't let the mismanagement of the one or two lousy dairys to impact the rest who are doing an outstanding job of taking care of their animals and providing food/drink for the rest of us. Sometimes small is not cost effective for operating certain aspects of a business. The inputs on machinery are the same amount if you are milking 500 or 1000 head of animals.

Thank you for your time.

Sincerely,

Kristen Domes
