

Representatives Salinas, Mitchell, Hayden, Nosse, Alonso Leon, Boles, Drazan, Keny Guyer, Noble and Prusak,

As a mother of four children I strongly urge you to OPPOSE HB 3063.

My husband and I have both chosen to give our children SOME, but not all vaccines, on a time schedule that WE as parents have chosen. If this bill passes we will lose the ability to make those choices for our children. This is an unacceptable loss of medical freedom!

My husband and I both have graduate level science backgrounds and are very concerned about the intense vaccine loads on young children's autoimmune systems. If this bill passes we will lose the ability to decide what is best for our children's bodies. We urge you to OPPOSE HB 3063. Thank you very much,
