

Disapprove: *Removes ability of parent to decline required immunizations on behalf of child for reason other than child's indicated medical diagnosis.* I do not want the government telling people what they can and cannot do for their children. We are adults and can research this for ourselves. Did I have my child immunized – yes I did. We should have the freedom to make up our own minds on this matter.

Approve: *Directs Oregon Health Authority to establish outreach and education plan regarding disease control in schools.* I am always in favor of education. I believe this will help parents make more informed decisions when it comes to vaccinations.

Thank you for your time and service to our state.
