

Dear Chair Williamson and members of the House Juridiciary Committee,

I am a mother of a University of Oregon Sophomore and I am writing this to strongly oppose disarming the Campus Police. With all the violence going on in today's world, I feel that our students are safe in a place that the police can respond to a situation within minutes. If the Police on campus is disarmed and they have to wait for the City Police to arrive, I believe that, it puts our students' safety in jeopardy. So I am really hoping that you will let the campus police stay armed for continued student safety and for parents/ families peace of mind.

Please put this on the record for HB 3338

Respectfully,

Sharmila Gunasekara.

Treat others the way you want to be treated.
