

Oregon Campus Resilience Consortium Overview

PRESENTATION to: OREGON STATE LEGISLATURE

HOUSE COMMITTEE on VETERANS and EMERGENCY PREPAREDNESS

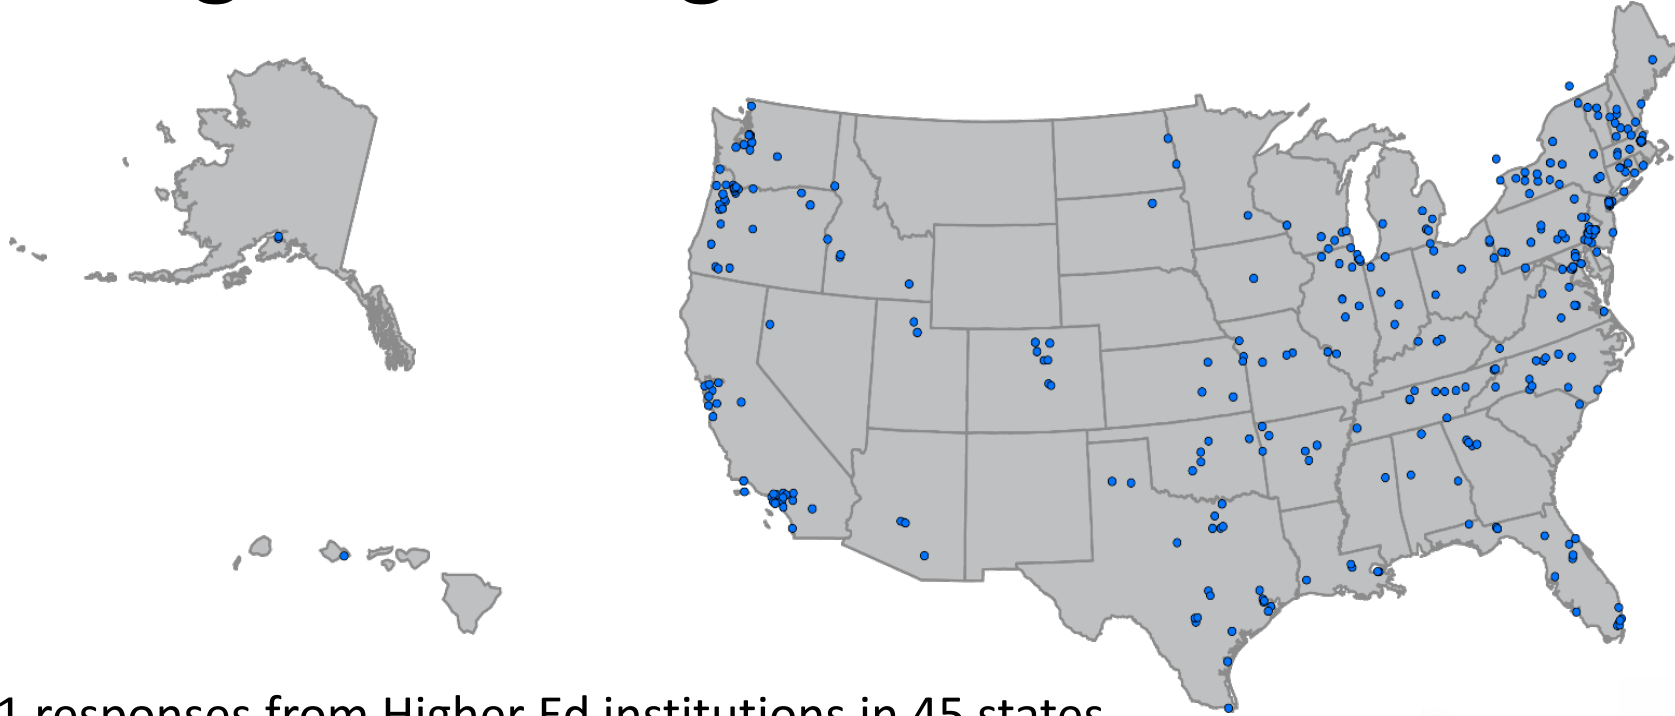

HB 2207 Public Hearing

March 21, 2019

PRESENTERS:

- **André Le Duc**, Chief Resilience Officer & Associate Vice President for Safety and Risk Services, University of Oregon
- **Brian Roy**, Associate Vice President, Risk Management and Contracting, Portland State University

National Higher Education Emergency Management Programs Needs Assessment

611 responses from Higher Ed institutions in 45 states

- 64% are public institutions, 36% private
- 77% are residential campuses
- 53% have Ph.D. programs
- 22% have a University medical center

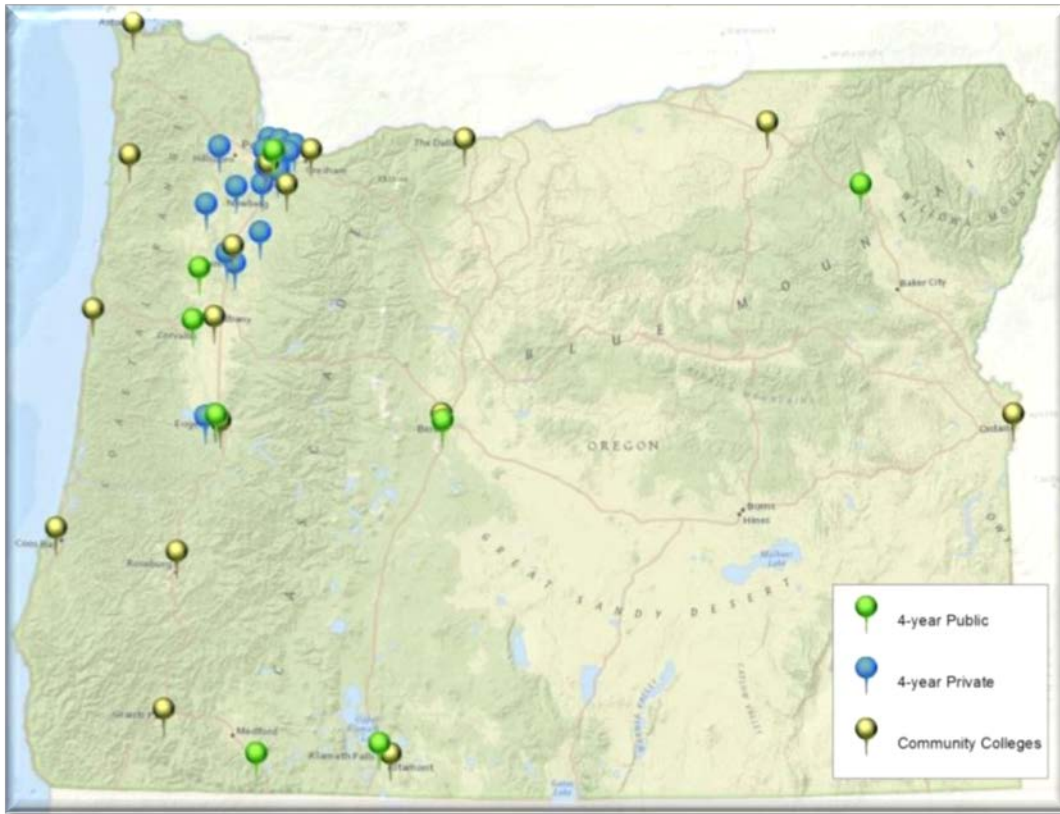

Does your institution's emergency management program have the following:

Type of Plan at Higher Education Institution	National <i>Have Plan</i>	Oregon <i>Have Plan</i>
Emergency Operations/Response Plan (EOP)	83 %	68 %
Hazard Identification and Risk Assessment	65 %	53 %
Crisis Communication Plan	64 %	63 %
Strategic Plan	53 %	41 %
Natural Hazard Mitigation Plan	50 %	47 %
Training and Exercising Plan	45 %	29 %
Business Continuity Plan - Administrative	36 %	32 %
Continuity of Operations Plan - Academic and Research	35 %	34 %
Recovery Plan	31 %	29 %

Post-Secondary Education Institutions

Locations, mission, connection to state economy

Post-secondary education fosters upward economic mobility for Oregonians, now and for future generations, be it in the basic sciences, applied research, data science, the social sciences or the skilled trades, higher education creates a ripple effect on the public good and the wellbeing of all Oregonians.

2016 Oregon Campus Safety Work Group Report and Recommendations:

1. Higher Education Safety and Resilience Council
2. **Response, Continuity, and Recovery**
3. Public Safety and Law Enforcement
4. Physical Security and Infrastructure
5. Behavioral Threat Assessment and Prevention

Oregon Campus Resilience Consortium

The 1st Recommendation of the 2016 Report was to:

- Establish a Higher Education Safety and Resilience group composed of university and college leaders to advance the recommendations of the 2016 report.

Oregon Campus Resilience Consortium

- Formed by Oregon Campus Safety Work Group members in January 2019
- Intended to link, align, and leverage Oregon post-secondary education institutions' limited resources and collective expertise, and
- Advance campus safety, emergency preparedness, risk management, and disaster resilience.

Oregon Campus Resilience Consortium Membership

Membership in the Consortium is open and voluntary to all:

- All public universities as defined in ORS 352.002;
- All community colleges as defined in ORS 341.005;
- Oregon Health & Science University, and
- Non-profit private post-secondary education institutions authorized to confer academic degrees under ORS 348.594 to 348.615.

Oregon Campus Resilience Consortium

Advisory Board

The Consortium is led by an advisory board comprised of consortium member institution representatives from:

- Oregon community colleges
- Oregon Health & Science University,
- Oregon non-profit private colleges and universities, and
- Oregon public universities
- State of Oregon agency non-voting representatives include:
 - Director, Oregon Emergency Management or designee,
 - Superintendent Oregon State Police or designee,
 - Director, Department of Public Safety Standards and Training or designee,
 - Director, Higher Education Coordinating Commission or designee, and
 - Governor's Office representative

Oregon Campus Resilience Consortium

Project and Fund Management

In-Kind Consortium members are expected to actively participate and share resources to the extent which their budget resources allow and staff are available and willing to support Consortium projects, trainings, activities, etc.

Grants (e.g., federal, state, foundation) which run through a Consortium member host institution are intended to benefit or advance the Consortium's mission or objectives.

State appropriations for specific project or program elements to advance Consortium's mission or objectives will be hosted by one of the public post-secondary education institution Consortium members with a demonstrated record of accomplishment in administration of project or program administration and subject matter expertise in the project or program area.

Membership dues the Consortium reserves the right to implement membership dues, which would be held by a host institution and administered at the discretion and direction of the Consortium advisory board.

RECOMMENDATIONS

2.1 Establish a statewide, standardized, shared-services training program for PSEI for incident response, continuity, and recovery.

2.2 Develop and support all-hazard incident management teams to serve PSEI. The teams would consist of both campus and regional teams to cover all PSEI in the state.

2.3 Support the adoption of the National Intercollegiate Mutual-Aid Agreement by all Oregon PSEI.

2.4 Develop statewide training and resources for higher education academic, research, and administrative continuity.

2.5 Create training and outreach materials for preparedness and mitigation to benefit all PSEI staff, faculty, and students, as well as community partners.

2.6 Establish online resource-sharing and collaboration center for higher education practitioners charged with maintaining campus safety and disaster resilience.

Campus Resilience Consortium

Next Steps:

- Continue to link, align, and leverage existing resources to advance campus safety and resilience for all higher education institutions in Oregon.
- Seeking \$1.5 million in seed funding to advance emergency response, continuity and recovery recommendations of the 2016 Governor's Campus Safety Work Group.

Initial “Seed Funding” would be used to develop the following:

- a) A statewide training program focusing on prevention, preparedness, incident response, continuity of operations and recovery, including the establishment of all-hazard incident management teams to serve post-secondary education institutions in this state;
- b) A mutual-aid agreement process for postsecondary education institutions in this state;
- c) Campus-specific training and outreach materials for preparedness and mitigation to benefit students, faculty and staff of post-secondary education institutions in this state; and
- d) An online resource-sharing and collaboration website

Questions

André Le Duc

Chief Resilience Officer & Associate Vice President for Safety and Risk Services,
University of Oregon

Brian Roy

Associate Vice President, Risk Management and Contracting
Portland State University
