

Dear Chair Barker,

I'm a small business owner with just under 10 employees. This bill, along with many others this session, are driving a massive nail into the "already tough to do business in Oregon" coffin.

We want to grow and create more Oregon jobs, but all of this is so incredibly discouraging. Stop the madness. 95% of Oregon's businesses are small. You're taking job-killing actions that will hurt Oregon. Period.

Sincerely,

Tim Fahndrich
