

Thank you so much for the opportunity to submit public testimony on this HB3338. Honorable Ladies and Gentlemen today I rise in opposition to HB3338 because I believe it overwhelmingly puts the burden of responsibility on the backs of the men and women in law enforcement, while applying no more punishment on the perpetrators of major crimes, themselves. I do not believe in further burdening law enforcement officers is the way to go here. After all, isn't one of the main objectives of law enforcement to also seek to deter crime? This bill would do nothing to further this objective to deter crime. Please, I urge you to vote "NO", on this bill...we don't need to put more pressure on law enforcement professionals who are just trying to keep the peace. Let's do more to deter criminals from committing crimes and let's help lift some of the burden off of the shoulders of our men and women in uniform. Thanks for the opportunity to provide testimony on this bill.
