Subject: Vote NO on HB 3031

Dear Chair Taylor,

I am a small business owner and this would be damaging to my bottom line and sustainability.

Every employer will be required to maintain the position for the full duration of a worker's leave while finding temporary, skilled workers to replace those on leave. That's an added cost that isn't acknowledged in HB 3031.

Please vote no.

Sincerely,

Amanda Brenneman-Brown
