Subject: Please Oppose HB 3031

Dear Chair Taylor,

Please oppose HB 3031 as it will create undue hardship on all employers especially small family businesses including farmers and ranchers who use seasonal workers and limited full-time employees. It will reduce jobs as many of us will re-evaluate our operation to reduce labor.

Please look at the impacts such legislation will have on employers and jobs for Oregonians.

Thank you.

Sincerely,

Sharon Waterman
