BACKGROUND:

In 2014, the Oregon legislature adopted the Interstate Compact on Educational Opportunity for Military Children. The purpose of the compact is to reduce barriers and provide consistency for children of military personnel as they transfer to new public schools. The compact addresses enrollment, placement, attendance, eligibility and graduation issues. It applies to children of active duty and recently retired, medically discharged, or deceased military personnel. Senate Bill 802 permits families to use military orders to enroll children in school prior to moving into the district. The Department of Defense estimates that this measure would impact 650 Active Duty children in Oregon.
