

I read recently that youth do not attain emotional maturity until the age of 30. It is ridiculous to think that children of 16 should vote. Furthermore it is ludicrous to think of our children getting abortions and sexual operations without parental consent at the age of 15. Our young men go off to war at 18, perhaps to lose their lives...but the Democrats want them to vote at 16?

It is becoming common knowledge that our educational institutions have become indoctrination factories for the Democrats. That is the reason they want the voting age reduced to 16 - so these children will vote before they learn they have been force fed a bunch of lies.

Vote against this!!
