EFFECT OF AMENDMENT:

No amendment.

BACKGROUND:

The Oregon Youth Challenge (OYC) is a private alternative education program for students that are failing, not attending, or dropped out of school and located in the Bend-LaPine School District. Students in attendance at OYC are counted as Bend-LaPine School District, and the district is required to count students exceeding four years of school as non-completers. This affects the four-year graduation rate for the school district. HB 2021 would establish a funding mechanism for OYC and establish a unique school ID number, which means the residency of students is no longer attributed to the school district.
