			Native American	1%	1%
			Multi-racial	9%	5%
			Percent Low-income	8%	15%
SPED	11%	12%			

Methodology: Randomly selected from Oregon's 127 charter schools a few examples; mapped the charter school to the nearest attendance-area school serving the same age bands, and then looked up each school's student racial and income demographics from the ODE School and District Profiles. [<https://www.oregon.gov/ode/schools-and-districts/reportcards/Pages/default.aspx>]. Chart groups selected school comparisons by trends.
