Subject: Support for SB 929

Dear Senator Dembrow and Members of the Environment and Natural Resources Committee:

PLEASE SUPPORT SB 929

In addition to requesting your support for SB 927 (on which I submitted testimony a short while ago), I also ask you to support SB 929, which would provide tax incentives to encourage the rehabilitation of historic resources. The bill would also help property owners to meet seismic retrofit requirements and to provide affordable housing.

This important legislation will help to preserve our historic assets and to revitalize Oregon's Main Streets and communities.

Thank you.
