Only Impacts on Original or Engrossed Versions are Considered Official

#### **Measure Description:**

Disallows, for purposes of Oregon personal income taxation, mortgage interest deduction for residence other than taxpayer's principal residence. For taxpayers with adjusted gross income in excess of \$250,000, disallows mortgage interest deduction for interest paid or accrued on indebtedness of taxpayer's principal residence. Linearly phases out mortgage interest deduction for taxpayers with adjusted gross income in excess of \$200,000 but not in excess of \$250,000. Applies to tax years beginning on or after January 1, 2019.

On or before December 31, 2020, directs Department of Revenue to transfer to the Oregon Housing Opportunity Account, amount equal to the estimated increase in revenue attributable to restrictions on the deduction of mortgage interest.

#### **Revenue Impact (in \$Millions):**

	Fiscal Year		Biennium		
	2019-20	2020-21	2019-21	2021-23	2023-25
OR Housing Opportunity Account		70	70	160	180

### **Impact Explanation:**

Elimination and/or phase-out of the mortgage interest deduction for taxpayers with an adjusted gross income greater than \$200,000, coupled with the elimination of the deduction for non-principal residences, will increase tax liability of personal income taxpayers. On average, measure would eliminate or limit the mortgage interest deduction for about 70,000 taxpayers per year.

Revenue impact table illustrates estimated revenue distribution per timing required in measure. Per measure, distribution of revenue will lag fiscal year in which increase in tax liability occurs. For simplicity purposes, table only illustrates expected distributions.
