

I'm not in favor of the 16year old vote.

My opinion: 16 year olds are protected as CHILDREN. There's a reason they're not allowed to sign contracts, not held accountable, can't buy alcohol, drive without an adult licensed driver took 18, etc, etc., And are protected from sex with an adult. They are legally considered not mature enough to make important decisions.

I requested this be entered in the public record.

Sincerely,  
NancyKost
