Subject: Vote NO on HB 3031 and SB 947

Dear Chair Taylor,

My husband and I co-own a plumbing company. Currently we have 1 employee and hope to secure another soon. If this bill passes, we can barely afford a second employee, we will be forced to reconsider this valuable, and much needed trades position, due to fear of unknown when hiring another person, we cannot afford to bring someone on, then pay them to be out, while still needing the labor.

This policy is going to put many small businesses out of business. Is that what you are wanting, less opportunity for people to work?

Please VOTE NO!

Sincerely,

Danielle Bethell
