

PLEASE Vote NO on these two bills!

Stop SJR22 and SB838 that would allow 16 year olds to vote.

What kind of moronic BS is it where kids can't drink, have sex, or buy a gun but they're intelligent enough to vote? That's false logic and lies. They have never been able to vote that young because children do not have the decision making capacity to lead change in our country, and it's morally wrong to place that sort of responsibility on the shoulders of these children.
