

PLEASE Vote NO on these two bills!

Stop SJR22 and SB838 that would allow 16 year olds to vote. It doesn't make sense that a 16 is old enough to make the decision to vote when they are not old enough to do many other adult things I will list all of my examples. Drive with non provisional license, drink alcohol, smoke cigarettes, smoke marijuana. If you think they need to wait till 18 or 21 for these things then they should also wait that long to vote plain and simple. Please vote no these are just plain ridiculous bills.
