My family highly urged you to vote NO!

The only way this should be allowed is if 16yr olds could purchase alcohol, buy guns & goto war.

Democrats wanted ages raised for tobacco and firearms but want it lowered for voting? I mean seriously talk about the ignorance about this.

18yr olds are not mature enough to smoke or buy guns or even buy alcohol. But you want them to vote?

Those who vote yes will be turning their backs against the people and this country. Turning it into a 3rd world country. Which Democrats have been pushing for.

Grow up and stop this nonsense.

Please VOTE NO!
