

To Whom It May Concern:

PLEASE vote NO on SJR22 and SB838. Allowing 16-year-olds to vote is a VERY bad move. I highly encourage a NO vote on these two bills. Most 16-year-olds can't even balance a checkbook or hold down a job, let alone take on the responsibility of making an important decision about what laws should pass and who should be voted into office. Just the IDEA of these 2 bills is asinine, in my honest opinion, and to even seriously consider them makes me wonder about the mentality of those that have been voted into office.

Sincerely,
