16 year olds aren't legally able to drive a car with their friends in it, without an adult, because they don't make good decisions. They aren't deemed barely responsible enough to go steady. They can't get married, or drink, yet You want their vote. We Know, for a Fact!!, that their pre-frontal cortex is NOT fully developed, and they are INCAPABLE of grasping time and consequences to make appropriate decisions. It is a Medically known FACT!! It is like asking a baby to walk, when they are physically incapable of doing so yet. It's bordering Child abuse, pushing stuff like this on 16 yr olds is Wrong!! Taking advantage, and Preying on innocents is stooping Beyond Low!! Let them be Children for Heavens sake!! Please Vote NO!! on 16 year olds voting!
