

SB 134 -1 STAFF MEASURE SUMMARY

Senate Committee On Health Care

Prepared By: Brian Nieuburt, LPRO Analyst

Meeting Dates: 1/28, 3/25, 3/27

WHAT THE MEASURE DOES:

Requires coordinated care organizations (CCOs) to publish on websites a document designed to educate members about best practices, care quality expectation, screening practice, treatment options, and other support resources available for members who have mental illnesses or substance use disorders. Takes effect on 91st day following adjournment sine die.

REVENUE: May have revenue impact, but no statement yet issued.

FISCAL: May have fiscal impact, but no statement yet issued.

ISSUES DISCUSSED:

EFFECT OF AMENDMENT:

-1 Replaces measure. Requires coordinated care organizations (CCOs) to publish on websites a document designed to educate members about best practices, care quality expectation, screening practice, treatment options, and other support resources available for members who have mental illnesses or substance use disorders. Takes effect on 91st day following adjournment sine die.

BACKGROUND:

With the passage of House Bill 3650 (2011) and Senate Bill 1580 (2012), the Legislative Assembly authorized the delivery of Oregon Health Plan (Medicaid) services through coordinated care organizations (CCOs). One of the key changes emphasized by the CCO model has been the integration and coordination of physical and behavioral/mental health services at the community level. In 2016, the Oregon Health Authority (OHA) convened the Behavioral Health Collaborative (BHC) to bring together providers, patients, and other stakeholders to develop recommendations to help create a coordinated, seamless, and patient-centered health care system. The BHCs recommendations included consideration of standardized protocols for identification, assessment, coordination of care and treatment across entry points.

Senate Bill 134 requires CCOs to publish resource information for persons who have mental illnesses or substance use disorders
