

This bill is pure insanity by the Left!! I have personally seen two people killed driving trucks a day or two after using drugs. There are many jobs that require sober attention to prevent injuries or death to the operators, or the public. Employment conditions should be between an employer, and the employee. GOVERNMENT DOES NOT KNOW BEST!!!! Do you REALLY want truck drivers on the road, with 80,000 lbs vehicles that have consumed ANY drugs??? For God's Sake, we know you are all liberal, and Left Wing, but PLEASE use some SENSE!!!!
