

I'm against Senate Bill 978 on the grounds that a 18 year old is required to register for the draft. If drafted he must have training using the very firearms this law and others laws are being improperly imposed by this Legislature of Oregon. This Law would also do away with the rights of 18 YEAR old's and younger teens from having a firearm to hunt in Oregon until 21. This will do away with many hunter programs that Oregon has for youth hunting which in turn would eliminate funds generated from tag and licenses fees that go directly to support OF&W. This is a bad law that does nothing to keep guns from the bad guy's. But hurts Oregon.
