

I urge this legislature to NOT support SB978.

I wish it to be known that I am in total opposition to the construction of this bill, the innocuous and confusing wording and that SB978 will criminalize innocent gun owners, your constituents.

I am angry with this legislature that my taxes are being used to regulate my personal rights.

I urge also that each member of my Oregon State Congress look within yourselves and decide if you are doing the "will of the people" or bowing to special interests.

I would ask each of you, as members of congress, to seriously consider whether you are honestly obeying your Oath of Office.

Sincerely,

Robert Larsell
Maupin, OR
