

The right to have and bear arms SHALL NOT be infringed.

With the exception of Kim Thatcher, Cliff Bentz and Dennis Linthicum, you folks are down right anti-American. Oregon used to be a good conservative state but not any longer.

You're making criminals out of law abiding citizens if you get your wishes.

You wanted power and now you're corrupted by it and have lost any humility you might have had a some prior time.

Sincerely,
