Re: SB 10

We are unequivocally opposed to SB 10. Furthermore, trying to amend SB 10 or "fix" it in some way is ridiculous. You can't take something which is entirely harmful in the first place and try to "improve" it here and there. That's like wrapping a bomb in garlands of flowers before you drop it.

Stop promoting schemes that help developers get even more wealthy. They don't care about people or homeowners or neighborhoods or tree canopies or beauty or charm. Portland has already undergone so much devastation through environmental degradation, countless demolitions, and hundreds of imposing, ugly apartment boxes.

It has to be understood by the legislature that any bill which furthers the interests of developers, demolitionists, and contractors must be stopped.

Portland has already been half-ruined. Please don't help ruin it the rest of the way.
