

Good morning Representatives,

Below is some information that supports voting NO on HB 3063. Many people in our community agree with this information and would love your support in voting AGAINST HB 3063.

Thank you so much for your commitment in our beautiful state of Oregon. I pray for our state and country, that you may be moved to act with grace for our future.

✓VACCINE INJURY IS REAL: Vaccine injury is real and sometimes unpredictable-we don't have all the science to know who is going to get hurt or die from a shot. \$4 Billion has been paid out from our taxes to compensate people who have been injured or killed by vaccines. Vaccine manufacturers haven't been liable for their products as of 1986 when the The National Childhood Vaccine Injury Act was signed into law. They have no incentive to make a safe product.

✓ NO CRISIS: Our vaccination rates are high and steady. Oregon's measles cases are on par with previous years. There is no crisis.

✓ PARENTAL RIGHTS: Don't strip away parental rights--this decision to vaccinate should be made between a patient and doctor without any pressure from government.

✓ EDUCATION IS A RIGHT: Education is a right for all our children. Kids who are violent in the classroom, and those who actually carry disease (ie HepB)--those kids have a right to an education. Why should kids who have chosen to decline one or more vaccines be excluded?

✓ RELIGIOUS DISCRIMINATION: Some vaccines such as MMR and chicken pox vaccines are made from aborted fetal cells and still contain human DNA fragments. Parents should have the freedom express their religion if they have moral objections to these components.

✓ GOVERNMENT OVERREACH: I'm not against people who vaccinate. I have friends who are "provax", but they also think this bill is far too over reaching. They don't think a medical decision should be forced by the government, or education held hostage.

✓ THANK THEM: I thanked them again for wanting to make sure Oregon is safe, but this bill will NOT make Oregon healthier or safer

✓Vote NO on HB3063

Thank you again for your time and commitment!!!
