Subject: Senate Bill 791

YES, we are in support of this bill. Water availability is hugely important to our community and our entire rural area for farming, ranching, gardens, fishing, and general wellbeing. Available water supply is imperative to sustain the lifestyle of southern Oregon. We are in favor of finding solutions to this seemingly ongoing problem.

Note: Please use discretion with your personal information in written testimony (i.e., do not add personal information you do not want the public to see). All meeting materials, including your name and any personal information contained in the submitted documents, are posted to the Oregon Legislative Information System (OLIS) and are accessible to all major search engines, including Google, Bing, and Yahoo.
