

To the legislators,

This proposed bill is a direct assault on MY 2nd Amendment rights.

Amended bill language includes:

- Mandatory Storage- What over-burdened agency is going to take this task on? Ensuring that REGISTERED gunowners own a safe? Who is going to ensure that the UN-registered gunowners have secure storage? And, how are these “enforcers going to get into my house to check? Is there going to be a bill introduced which changes the 4th Amendment of the Constitution - Fourth Amendment to the US **Constitution**, which states, "The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated"
- Refusing Second Amendment rights to people under the age of 21- Again, when guns are outlawed, only outlaws will have guns- no matter what age.
- Expanding "gun free zones"- “gun”-free zones? What about knife, machete, pepper spray, bully, drag-queen, human free zones?
- Restrict minors' abilities to use firearms for activities such as hunting- this bill doesn't have anything to do with minors having firearms-this is a blatant attempt at a “gun-grab” by picking on a time-honored activity.
- Increasing fees for Concealed Handgun License.- No. Again, when guns are outlawed, only outlaws will have guns

Thank you

Nancy Rencken
