

Senators, Riley, Girod, Dembrow, Hass & Olsen,

I understand previously scheduled work sessions for the above mentioned bills were cancelled. I would, therefore, like to resubmit my comments for the record as follows:

SB 585: **I Support** the establishment of a “Responsible Cannabis Retailer Program,” that would allow the Oregon Liquor Control Commission to assist marijuana retailers to maintain compliance of necessary cannabis laws and rules.

establishment of a “Responsible Cannabis Retailer Program” to assist marijuana retailers in maintaining compliance with cannabis laws and rules.

SB 365: **I Oppose** prohibiting local governments from having the right to impose “System Development Charges” on projects related to the production, processing or retailing of marijuana items.

SB 218: **I Support** the Oregon Liquor Control Commission being able to refuse to issue marijuana production licenses based on market demand and other relevant factors. Oregon already produces far more marijuana product than can be consumed. The State Attorney Billy Williams has testified to this fact and called for controls to be put in place.

Thank you for your attention.
