

To whom it may concern,

NO, NO, NO....if you want to see a mass defection from the Democratic party in Oregon, then pass this bill and start the degradation process in Oregon thus making it more unlivable and adding to crowding and seeding dystopian ghettos. I'm still just barely a Democrat, but for the first time in my life I'm about to go to the Republican party as they seem to be the only party in this state with any common sense. Pass this at your risk. I will campaign viciously against the Democratic representative in my district. You people sit up there in Salem so disconnected from the daily lives of us Oregonians who managed to carve out a piece of living space for themselves through hard work and living responsibly. Why we feel like we have to accommodate every Tom, Dick and Harry who wants to leave their wretched states is beyond me. Already the impact is showing by the amount of trash and debris thrown along the roadsides by newcomers with zero regard for this beautiful state. Oregon can only support so many. If this is how the democrats want to build their base then I will switch parties, join the Republicans, and fight you tooth and nail.

I'm embarrassed to call myself a Democrat.
