Joint Committee On Carbon Reduction

Vote No On HB 2020

As you conduct your work session today on HB 2020 keep in mind you are not representing all Oregonians.

The taxes being imposed by you will impact Oregon citizens and make day to day life a financial struggle.

Oregon is currently making a significant impact on greenhouse gas emission goals previously set.

HB 2020 is clearly a tax and Oregonians have a right to vote on taxes.

Stop the TAX grab!
