

Oregon legislature,

The Anti-Gun Bills coming from this Democrat Party in all respects show a disregard for the citizens rights to protect themselves as they feel necessary. It is not the criminals that are affected by these measures it is the honest law-abiding citizen. These actions show a seditious form of government and as the promise is made by the Bill of Rights it is our duty as citizens to dissolve a form of government that goes against the WILL of the people.

Charles Skelton
