Subject: "Support for SB931 and SB926"

Chair Dembrow and members of the Committee –

I am absolutely for these bills – they are very important to our survival.

I am a business owner and have had to change careers several times in my life due to changes in the business environment (starting over if you will). I suggest the companies who make a living by poisoning the earth need to change to another business.

Thank you for supporting these Bills:

SB931 - Updates FERNS notification system

SB926 - Stops Aerial Spray on State Lands
