Subject: Bill 978
Date: Saturday, March 30, 2019 6:27:17 PM

This bill does not pass the smell test. A person can only be held responsible for their actions. If someone comes and steals their firearms this bill says the one who was stole from is responsible for the criminals use of what the criminal stole for 2 years. What sort of moron came up with that? A person is only responsible for their own behavior.
