

Greetings

How can I submit comment on the SB 218 bill when just today (the deadline for public comment) one of your committee members submitted a dash amendment -4.

It's important to table this legislation SB 218 this year such that the public has time to get notice in order to give public comment.

Thanks **VOTE NO ON SB 218**, you can't declare an emergency to pass this fast and not know that the public won't raise their eyebrows...

Nunzie Gould, a county EFU land owner in rural Deschutes
