

I, Edgar Suplido, a citizen of United States, 74 years old, resident of Gladstone, OR strongly oppose the propose Amendments that will change the law regarding ownership of firearms by law abiding citizens of Oregon.

I oppose the following and other particulars that limits my rights under the 2nd Amendments of the US Constitution; 1. High capacity magazine ban;

\* District court Judge In CA strikes down the ban .

\* A deranged shooter can change the lower capacity magazines in a split second. So the argument against high capacity magazines is null and void.

2. "Hold gun owners responsible for crimes committed with guns that were stolen from them": Strongly oppose this section in the Bill.

\* Who wants to get rob? This is insane, why punish a law abiding citizens and victim of robbery?

3. "Hold gun owners responsible for two years for guns they have "transferred" unless they can prove the gun had a lock when transferred."

\* All firearm transfer in Oregon; by law has to go through a registered firearm dealer; and dealer has to transfer that to buyer.

Individual firearm Owner could no longer sell direct to any individual, by law.

Why not hold the FFL dealer responsible? Another scary tactics against firearm holder!

3."Require that all guns be locked up. Under this bill you will be prosecuted even if you did lock up your guns with a cable lock and someone defeated that lock."

\* So much loopholes under this section; guns can be stolen in your car, can't haul my 500 # vault in my car.

4. Increase CHL: 1000%??

Another way to defeat concealed carry of firearm if specifics are not defined.

5. I strongly believe that if 18 yr. old citizens can buy and own firearms. They are of age to join service and serve their country.

Thank you so much for reading my petition.
