

Dear Senate Rules Committee,

Please vote Yes on SB 870. The President should be elected by the majority of the voting populace, not by a small fraction of voters in swing states. Oregon needs to join the National Popular Vote Interstate Compact, and SB 870 is the best way for our state to be on the right side of history going forward.

Make Oregonians' votes finally count in Presidential elections!

Thank you,
Katherine Songer
Portland, 97219
