I am writing to strongly protest and appose the introduction of SB 978 w/Amendments for consideration by the Oregon Legislature. I am a longtime firearms user, sportsman, hunter and target shooter. I served in the military for 30 years and have been trained in firearms use, tactics and safety and I practice several times a month to maintain my proficiency. I purchase, store and maintain my firearms legally and I hold a current Concealed Handgun License.

Legislation such as SB 978 will not make the use of firearms any safer. Instead of trying to penalize legal firearms owners and users who respect and follow the law, the legislature needs to pass Legislation to allow for the apprehension and deportation of Illegal Immigrants, identify and apprehend those who abuse the law and people with mental health issues.
