---

Please lodge my whole hearted opposition to this Firearms Bill into testimony.

The Second Amendment is very clear.

What part of "Shall Not Be Infringed" don't they understand?

Additionally They want to Raise the age to purchase a Firearm, but these are the same people who want to Lower the age to Vote.

If someone doesn't have the judgement to handle a gun, how can they have judgement to know how to vote?

This makes NO Common Sense.

Sincerely,
