Dear State Representative Helt,

My name is Sylvia Wasenius and I have been a student at COCC for a year and a half. During this time both of my daughters have been in full time childcare. If it hadn't been for grants and financial aide I wouldn't of been able to attend college to further my education, as I am seeking a degree. Also, I work so I can keep a roof over the kids head and food on the table. I appreciate and back any bill that provides help to people like me. I'm a role model for my kids and committed to being a good student. Being able to get ahead is vital so that I can set them up for success.

Thanks for your support.

Kind regards,
Sylvia Wasenius
