

With all due respect. The assault on law abiding gun owners is appalling. None of your "so called common sense" measures will do anything useful. I do realize that your constituents are demanding action but, you are treating gun owners with extreme prejudice. I believe you are treating a minority of gun owners with hostility and this type of prejudice is criminal in my opinion. You are supposed to uphold the constitution not tear it apart to suit your own agenda. Oregon has many problems that need to be dealt with. And, in my opinion you are wasting our tax dollars with your time and efforts with these draconian bills.

Sincerely ,
