

Chair Prozanski, Vice-chair Thatcher, and Judiciary Committee members,

Notwithstanding the fact that using the "gut and stuff" seems to be an unethical way to push laws through with little to no public awareness, this -1 one amendment is a bad bill for legal gun owners. There are already laws in place to address many of the issues that this bill is trying to solve. I urge a **No** vote on this bill.

Best regard,

Daron Prara
